PROFESSIONAL SUMMARY

MCA student specializing in Python, JavaScript, and AI-based application development. Experienced in building responsive web applications, AI chatbot systems, and API-integrated projects. Proficient in frontend and backend development, database management, and machine learning tooling. Seeking a software developer or data/AI engineering role to apply full-stack and AI skills.

EDUCATION

Master of Computer Applications (MCA) — IMS Noida, AKTU	2024 – 2026
Bachelor of Computer Applications (BCA) — Delhi Technical Campus, GGSIPU	2021 – 2024
Senior Secondary (Class XII) — Blue Diamond Public School, CBSE	2021
High School (Class X) — Blue Diamond Public School, CBSE	2019

PROJECTS

BankBot AI – AI-Powered Banking Chatbot

Python • Streamlit • Ollama • Phi-3 • Pandas • SQLite

- Built an AI-powered chatbot to handle banking and finance-related queries using Python and Streamlit.
- Integrated Ollama and Phi-3 language model for intelligent, context-aware response generation.
- Leveraged Pandas and SQLite for data handling and chatbot workflow management.
- Implemented domain-restricted response logic to improve chatbot accuracy and reduce hallucinations.

FIT-N-FIGHT – Fitness & Diet Management Website

HTML • CSS • JavaScript

- Designed and developed a responsive fitness website for workout guidance and diet planning.
- Implemented subscription plan functionality and user-friendly layouts for exercise tracking.

Movix – Movie Recommendation Website

HTML • CSS • JavaScript • TMDB API

- Developed a dynamic movie recommendation site integrating the TMDB API for real-time data and posters.
- Implemented responsive UI design with trending and popular movie sections for enhanced UX.

SKILLS

Languages: Python, JavaScript, C++, HTML, CSS

Frameworks & Tools: Streamlit, Ollama, Pandas, SQLite, MS Excel, MS Office

Core Competencies: AI Chatbot Development, Web Development, Database Management, API Integration, Responsive UI Design

Soft Skills: Problem Solving, Team Collaboration, Decision Making

CERTIFICATIONS

- Introduction to Python – Infosys Springboard
- Cyber Security – Honeywell
- Infosys Springboard Internship 6.0
